SUBJECT The US and Argentina

JACK ANDERSON: Will Argentine animosities toward the United States continue?

I'll tell you tomorrow's headlines today right after this message.

\* \* \*

The Falklands Islands crisis put a rift in relations between the United States and Argentina. But my CIA sources tell me that won't last. You see, the Argentines must look to the United States to seek a British withdrawal from the islands and eventual Argentine sovereignty over the Falklands.
